

Lublin,.....

To whom it may concern,

We are looking for business partners, ready to cooperate in the wholesale spectrum on the Polish plastics market. Our company sales capacity is approx. 500 – 800 mt / monthly and we are ready to cooperate with new suppliers. Our business idea is shown below in the “Letter of Intent”.

### **THE LETTER OF INTENT**

We have the great pleasure to enter into business cooperation with any esteemed company in wholesale trading virgin plastic material as:

- HDPE
- LDPE
- PP
- PA,

on the Polish market. Our company has the possibilities to reach approx. 500 – 800 mt / month of high quality products manufactured in South and East Asia.

We would like to kindly propose you to establish business relations with our company. Such cooperation will facilitate the sales of your goods on the Polish market. We propose the sale conditions by consignment and by keeping your ownership of the goods until they are invoiced by Marimpex. Then the payment will be realized. Our company will be responsible for all necessary costs inside Poland including:

- transportation,
- customs clearance,
- storage,
- the marketing services,
- bookkeeping,
- etc.

Your profit would be realized as the percentage of the selling price on the Polish market. We guarantee all above and the level of business as above, increased gradually - 'step by step'.

Looking forward to any positive response as remain with kind regards,

Janusz Wasilewski  
The President  
Marimpex Ltd. & Co.
